## LOCAL AND PERSONAL.

We're all going to Mt. Pleasant to-morrow.

Uncle Dan is jumping the counter at Jon's this week.

The tri-weekly back to Jefferson City has been regular.

One crazy woman in town last week, now convalescing.

Innumerable tie rafts have passed down the Osage since our last issue.

On last Tuesday morning the Osage was higher than at any time this season.

Mr. Phil Haunstein went to Jefferson City Monday for a few days' sojourn.

Messrs. Sam'l. Sone and Joe Cummings started to Jefferson City last Sunday.

Prof. Laf. Bacon will commence school at Buck Knob school house next Monday.

We are glad to say our Iberia correspondent hasn't forgot us; his local news as far as we are concerned.

Prof. Hooper of Clarksburg is expected at Judge Bacon's to-day, to spend a few weeks' recreation.

Bro. Dorsey has changed his time of holding service at this place from the forth to the second Lord's day.

To-morrow will be another glorious Fourth, and it will be duly celebrated at various places in the county.

Rev. E. Springer gave us his usual pleasant call last Saturday, on his way to Flatwoods, accompanied by Miss E. G.

The BANNER, we are happy to say, is floating steadily and firmly on—continued increase of patronage is the evidence.

We boys are farming a little and find the most troublesome and laborious task to be the evening task—scratching for cherries.

Tuscumbia is looking upward in business, and two new hotels expected to open this week, and also an additional merchant in a short time.

A little money will obtain a great deal of sweetness if you will only purchase the Fairview Bee Hive, at Joe Cummings' only \$2 for a farm right.

It is one of those rare, good remedies which used once will be always kept in the house. Dr. Bull's Baltimore Pills we refer to. Price 25 cents.

Assessor Z. Spearman was in Monday; he hadn't time to gas so long & then to say he never had better corn crops during his life than the present.

A race track is being strongly agitated at this place. We say go in. We will dominate the enterprise to over a thousand readers of the BANNER weekly.

Sayre's teachers were here last Saturday awaiting the county commissioner, for examination, but notwithstanding the disappointment, the commissioner did not come.

We received a letter from Mr. H. E. Lawrence, formerly of this place, he was near Denver, Col., when he wrote, his health is somewhat improved, and says he will try to return to this city this fall.

Mr. Lafayette Bacon, recently of the Clarksburg Normal School, was in to see us last Friday. He is highly pleased with his experience at that institution, and now expresses a desire to learn telegraphy.

We accompanied Dr. and Mrs. McGee to Flatwood's quarterly meeting last Sunday, where quite a large number of people were assembled, and an excellent dinner was served on the ground after the first sermon.

Prof. Neville called last Friday, on his return from Christian county, considerably fatigued after his long horseback ride. The Prof. is highly honored by every one of his acquaintances, and extend sympathy on his return of a sad visit.

Miller county was not represented at the rail road convention at Jefferson City, on the 25th but it is not too late to secure the road through the county yet, at least the northern portion. We publish the proceedings of the convention in another column.

It is suggested that all who are interested, and can, meet at the Flatwoods school house on the 2d Saturday of this month, at about 1 o'clock p.m., for the purpose of making an estimate and taking steps toward building a church house near the Flatwoods school house.

There was rain every day last week, and farmers began to fear lest wheat would be entirely destroyed, as some of it had begun to sprout, but the last Sabbath morning brought forth a sunshiny continuing until Monday night, when another light shower fell; it is evident the farmer must "make hay while the sun shines."

We are in receipt of a letter from Mr. J. O. McDaniel, dated the 23d ult., we are glad to say his new abode seems to agree with him, and says he is kept on the go all the time, and that tie makers do much better than on the Osage and he is needing more teams and tie makers; teams can make from \$2.50 to \$3.50 per day.

We made a flying trip to Tipton last week with Dr. McGee. We received hospitable receptions at Dr. James Johnston's, and our first preceptor in the mercantile business, Mr. J. L. Chambers of High Point, at which place we enjoyed the pleasantness of "home, sweet home." We found Mr. Howard's lumber yard full of business—and why shouldn't it be, when he is selling so much lower than other lumber merchants.

The Osage is at its highest for this season.

Steamer Phil. E. Chappell passed up Tuesday.

Tuesday, Wednesday and Saturday—the grinding days at the Anchor mills.

W. E. Lurton, of Jim Henry, called on BANNER office last Saturday reports health and crops better in his locality.

Steamer Phil. E. Chappell arrived at our wharf last Saturday evening loaded ties all night and left Sunday morning for Osage City.

Chromos at Joe Cummings' for only 15 cents, worth 50 to 75 cents, in great variety of landscape scenes, floral crosses, &c., of the richest designs.

Mr. W. P. Freeman took his departure from this place last Sunday, on his way to Lebanon, where he will take charge, as foreman, of the mechanical "arts" of the Journal.

Last Saturday a case was called before Sam'l Unstead Esq., in which Jacob Banti vs. W. E. Lurton, deft.; change of venue granted and cause sent to his honor Ambrose Brockman, Esqr.

Lookout that your nurses do not drug your little ones with laudanum, paroxysm or other soothing remedies. Give them Dr. Bull's Baby Syrup, which innocent remedy is warranted not to contain opiate.

Mr. J. J. Harrison informed us that a son and daughter-in-law of Mr. Hart, of California, living in Sedalia died a few days ago, from the effects of ginseng-weed; they drank it as a tea thinking it of another weed.

Last Saturday was the day appointed by School Commissioner Baker to examine teachers at this place, a few male applicants appeared we understand, in the evening we were informed the Professor failed to put in his appearance.

The folks of Flatwoods are talking of building a house of worship, for all denominations, while W. F. Howard of Tipton is selling lumber at such reasonable figures. We suggest an estimate be made and sent to Mr. Howard and ascertain his prices, and then a subscription be circulated.

Steamer Spirit passed down the river last Sunday leaving nothing but a blue streak after her; when or how she got up the river, we have not learned, some have suggested she made it up the Moreau Creek to the head waters near Rocky Mount and leaped over the summit into the Grayson and down the Osage above here. She is a great little "Sport."

The 4th of July is at hand; to-morrow is the day we hear of many social gatherings and picnics, old and young America will turn out; a jolly time is anticipated.

BANNER office to be represented at the Fair grounds Pleasant Mt.

Eter Hall to be used in the evening by the elite in pleasure and wind up—enjoy yourselves young folks.

Miller County Agricultural and Mechanical Association will give an unprecedented exhibition at Mt. Pleasant this fall; and as everybody is rejoicing over the brightest prospects of grain known in this county, and same will be suitably rewarded. Address James E. Walker, or BANNER office, Tuscumbia, Mo.
